

# MT Tabor Summer Music Camp 2021 COVID 19

## Policies, Procedures and Practices

### Daily Procedures

- Masks are required for all students and staff
- Temperature checks will be done daily for all staff and campers
- We will be providing special wind player masks to all of the woodwind and brass players
- We will also provide bell covers for all woodwind and brass players
- Anyone with a fever of 100.3 or higher, will be asked to sit at a social distance and wait to be rechecked in 15 mins. If they still have a fever at that time, the camper or staff member will be sent home and a guardian or parent will be called immediately. \*Staff or Campers will be permitted back to camp the next day as long as their fever is normal without the assistance of medication.

### Students and Staff will not be permitted to attend camp if:

- they have a family member who gets diagnosed with Covid-19 (2 weeks before or during camp)
- they themselves test positive (2 weeks before or during camp)
- they come in close contact with someone who has tested positive. However, if they have a doctor's note clearing them or proof of a negative test result, they may return to camp.

### Implementation

- Our facilities and class sizes give us the ability to allow in-person playing during music classes, as we can meet or exceed all the protocols recommended by the various studies
  - We can meet or exceed the 6 foot interval
  - All wind players will wear musician's masks and use bell covers when playing indoors
  - There will be no sharing of any instruments beyond percussion and keyboards, which will be wiped down between classes
  - Percussion students must have their own mallets and sticks
  - Classes will take place outdoors when possible

## **General COVID Reminders**

- Please remember to follow the CDC safeguards and Self Monitor at home daily to ensure our camp success!
- Wearing a mask at all times while at camp
- Washing hands often for 20 secs
- No sharing of food or drinks
- Practicing social distancing
- Monitoring yourself daily
- STAYING HOME IF YOU ARE NOT FEELING WELL or SHOWING ANY SYMPTOMS of Covid-19 (which are at least two of the following: fever, chills, fatigue, shivers, muscle aches, headache, sore throat, nausea, vomiting, diarrhea, congestion or runny nose OR at least one of the following symptoms: cough, shortness of breath, difficulty breathing, new loss of sense of smell or taste)
